Dear Mr. Kalinitchenko,

Thank you for helping us fight the most deadly cancers.

We are grateful for your recent donation to the Canadian Cancer Society in the amount of \$250.00. We recognize that this contribution represents a donation in response to our recent appeal and we thank you for your continued support in the fight against cancer. Enclosed please find your official 2012 income tax receipt.

The generosity of people like you enables us to fund groundbreaking, lifesaving research into all cancers—the only cancer charity in Canada to do so. But we have a new special focus on the most deadly, hard to treat cancers like pancreatic cancer.

The need for progress in this disease is clear. With funding made possible by our donors, Dr. Ming Tsao of Toronto is studying how we can improve survival rates for pancreatic cancer by detecting it earlier and discovering new lifesaving treatments.

"Pancreatic cancer is a devastating type of cancer and our research has the potential to make a huge difference in the lives of those diagnosed with this disease," says Dr. Tsao. With researchers like Dr. Tsao making great strides against pancreatic cancer, Canadians are gaining confidence in fighting back against this disease.

With the support of donors like you, we are changing the lives of Canadians facing a cancer diagnosis. If you would like more information on the work the Society is doing and how you can help, please contact me at 416-323-7116.

In all that we do, we fight for life.

Sincerely,

Susan Drodge
