Highlight Motor Freight  
391 Creditstone Rd  
Concord, ON L4K 1N8

**Subject: Alberta Fires Six Month Donor Update**

Dear Friends of the Red Cross,

I wish you could meet Everett. He received help after the Alberta fires thanks to the generosity of donors like you.

Although the fires have faded from the headlines, the Canadian Red Cross is still working to support people like Everett with things like rent, groceries, and work-related equipment such as tools that were lost in the fires.

Please find enclosed your copy of the Alberta Fires Six Month Donor Update. In it you will learn how your generosity is helping to restore hope for those who lost everything after the fire.

You will also see how your support is going to small businesses and local organizations that are so important to the health and resiliency of any community after a disaster.

I can't thank you enough for the role you are playing in the relief and recovery operations. As always, please don't hesitate to contact us if you have any questions.

Sincerely,

Ronan Ryan  
Chief Development Officer  
Canadian Red Cross
